

ONLINE EXAMINATION

The following is the online examination test structure (with separately timed tests) :

Sl. No.	Name of the Test	No. of Qs.	Maximum Marks	Time
1	Reasoning	40	40	30 Minutes
2	English Language	40	40	30 Minutes
3	Computer Knowledge	40	40	20 Minutes
4	General Awareness (with special reference to Banking Industry)	40	40	25 Minutes
5	Numerical Ability	40	40	30 Minutes
TOTAL		200	200	135 Minutes

- Questions will be in English only. Each question will have 5 alternatives (options).
- ¼th mark will be deducted for each wrong answer.

- ✓ **Application Number shall be used as Login ID and the DOB as password for the Online Test.**
- ✓ **The online test will be in English Language only.**
- ✓ **The online test will be with multiple choice objective questions.**

- Only one question will be displayed on the computer screen at a time. The candidate should click on “Next” to go to the next question or on “Previous” button provided at the bottom of the screen to go to the previous question.
- The candidate can choose to unmark his/her answer by clicking the “Clear” button provided at the bottom of the screen.
- The timer is available on the TOP RIGHT HAND CORNER of the screen; you are requested to keep a tab on it to ensure that you plan yourexam within the allocated time.
- The list of attempted and un-attempted questions is shown in the right side of the screen. You can click on any of the attempted ones to revise the answers in case you wish so.
- Candidate has the option to bookmark a question in case he/she wishes to review it at a later stage by clicking on the “Mark” button available at the bottom of the screen. The Bookmark on a particular question can be removed by clicking on “Mark”.
- Candidates should use the “Next” OR “Previous” button or click on the question number displayed at the right side of the screen to move back and forth between questions. The answers will be saved whenever the candidate goes to the next question, by clicking on “Next” OR “Previous” button. However, the last question will be saved automatically after answering.
- If a candidate finishes the paper within the stipulated time, he/she can end the test by clicking the “End Test” button. **However, candidates will not be allowed to leave the test hall till the end of the stipulated time.**

- On the completion of the test duration, even if the candidate does not click on the “End Test” button, his/her test will be automatically submitted by the computer

In the event of the test being disrupted, the candidate should immediately inform the invigilator. The invigilator will help the candidate to re-logout into the Examination. This will start the Examination from where it had discontinued/stopped.

Directions for questions Q1 to Q4
Topic : Quantitative Based Reasoning

Read the instruction carefully and answer the question given below.

Q3.

Each of the four persons Antony, Barry, Christina and Duckworth travelled at different uniform speeds out of 40km/hr, 50 km/hr , 60 km/hr and 80 km/hr for different time durations 10 hrs, 20 hrs, 30 hrs and 40 hrs – both speed and time not necessarily in the same order. It is also known that

(I) Barry covered the maximum distance whereas Christina covered the least distance.

(II) No two persons travelled the same distance.

(III) One of them covered a distance of 1800 kms which is not the highest and the other covered a distance of 800 kms which is not the least.

(IV) Antony has not travelled for 30 hours.

What is the speed at which Antony travels?

(A) 60km/hr

(B) 80 km/hr

(C) 50 km/hr

(D) 40 km/hr

Topic: Network and Routes

Read the instruction carefully and answer the question given below.

Q16.

7 computer terminals A, B, C, D, E, F, G – are connected in a network. Data is transmitted between these terminals either in one way or in two ways. Following is the manner in which data is transmitted among the terminals. The two-way transmission takes place between the terminals A and B, E and G, E and F. The one-way transmission takes place from C to E, B to D, A to G, G to D F to G, E to D and B to C.

If Data is submitted from A to D, how many ways this can be done without repeating the same terminal twice?

(A) 2

(B) 4

(C) 5

(D) 6
